Magnus Ryner, Alan Cafruny

Analyzing The European Union Policy Process The European Union Series:

Analyzing the European Union Policy Process Esther Versluis, Mendeltje van Keulen, Paul Stephenson, 2010-10-15
Readers are provided with a practical insight into how to analyze policies and policy making in the EU Using case studies to deepen readers understanding this book examines the various stages of the policy process from the moment the issue reaches the agenda through to drafting implementation and evaluation

Energy Policy of the European Union Johannes Pollak, Samuel Schubert, Maren Kreutler, 2016-01-07 This broad ranging text provides an analysis and assessment of the European Union s energy policy It examines the components of the internal energy market alongside energy policy and politics on the international stage and in doing so outlines the increasing importance of this global issue

Gender and the European Union Johanna Kantola, 2010-07-14 This broad ranging new text provides a systematic assessment of the emergence of gender as a significant issue on the EU agenda and of the EU s impact on gender inequality both in terms of specifically gender related policies and the gender dimensions of other policies

Social Policy in the European Union Karen M. Anderson, 2015-03-26 Social policy has become an increasingly prominent component of the European Union s policy making responsibilities Today for example a highly developed body of law regulates equal treatment in social security and co ordinates national security schemes national health services have opened up to patients and service providers from other states and rules govern the translation of educational and vocational certificates across member states This state of affairs is all the more remarkable given the relatively limited resources at the EU s disposal and the initial intentions of its founders During negotiations for the Treaty of Rome in the 1950s social policy was viewed as the exclusive provenance of the member states There were to be provisions to facilitate labour mobility within the common market but until the 1970s social policy making at the EU level was modest However plans for the internal market moved social policy on the EU s decision making agenda The Social Chapter was adopted in 1989 and the Single European Act expanded EU competencies in social policy The Treaties of Maastricht Amsterdam and Nice all expanded competencies further so that by the time the heads of government met in Lisbon in 2007 to sign the EU s latest treaty the extent of supranational control over important aspects of social policy making was quite impressive This important book provides a full account of the evolution of social policy in the EU and of its current reach It examines the reasons for the increased role of the EU in the area in spite of formidable obstacles and details its effects in member states where social provision is often the biggest item in government budgets and a crucial issue in national elections Drawing on research done on welfare states around the world and on European integration this book provides a distinctive and sophisticated account of social policy in Europe showing how it must now be understood in the context of multi level governance in which EU institutions play a pivotal role

Cohesion Policy in the European Union Dan Marek, Michael Baun, 2014-11-20 This new text introduces the history evolution and contemporary state of one of the European Union s most important expensive and controversial policies It examines the role that cohesion policy

plays in European integration as well as in economic development across regions and analyzes the key debates and issues at stake

Security and Defence Policy in the European Union Jolyon Howorth, 2014-06-10 The Common Security and Defence Policy CSDP has come a long way since its inception as the European Security and Defence Identity under NATO Yet more than a decade after emerging as an autonomous entity with its own capacity for civilian crisis management and military action the European Union's CSDP is still very much a work in progress This fully revised and updated new edition provides the most comprehensive account available of the CSDP and the debates surrounding it Written by a leading authority in the field the second edition draws on the author's own extensive research in the area including hundreds of interviews with key actors and takes account of developments since the reforms of the Lisbon Treaty A brand new chapter assesses international relations theory and European integration theory as tools to understand the CSDP and critically engages with theoretical approaches that view security and defence policy as the exclusive domain of sovereign nation states The book concludes with an analysis of future hurdles for the European Union as it responds to new and often unpredictable crises across the globe

Environmental Policy and Politics in the European Union Tom Delreux, Sander Happaerts, 2016-04-22 This brand new textbook provides a concise and informative overview of environmental policy and politics in the European Union It includes a thorough analysis of the traditional areas of environmental concern such as pollution and natural resources as well as newer environmental issues including GMOs and climate change Throughout this clear and readable introduction the authors emphasize the interdependence between EU environmental policy and changes at the global level focusing in particular on the EU's role in global environmental governance The authors' didactic approach means this text will be invaluable to undergraduate and postgraduate students of environmental politics policies and governance in the EU as well as MA programmes with a global focus including international relations and EU studies

The Trade Policy of the European Union Sieglinde Gstöhl, Dirk De Bièvre, 2017-11-25 This comprehensive and clearly written textbook offers a long awaited introduction to the trade policy of the European Union the world's largest trading entity Gstöhl and De Bièvre provide a comprehensive assessment of the common commercial policy its relationship with other policies like development policy and of the EU's multi level policy making and international bargaining in this area As well as providing a broad overview of the nature and development of the EU's trade policy the authors analyse how relevant institutions and decision making processes are organized and how this set up fosters particular policy outcomes Gstöhl and De Bièvre show how the thorough and critical study of EU trade policy can be conducted from an interdisciplinary viewpoint enabling the student to tackle the ever evolving political economic and legal questions that arise Given the accessible writing this book is recommended for both undergraduate and Master's students studying the EU and Europe in their Politics International Relations Economics or Law degrees as well as those focusing on international trade policy

The European Union and Global Politics Richard Youngs, 2021-03-31 This accessible new textbook situates the European Union in a dramatically changed world order

Resisting a more traditional and abstract introduction to the institutions structures and policy making processes of the EU this innovative new text cuts through the jargon to demonstrate how hard the EU must work to retain its international influence Taking into account the latest empirical developments including the spread of war and violence in the East with Ukraine and the ongoing turbulent politics of North Africa and the Middle East Richard Youngs an expert in the field introduces us to how the EU has been forced to act differently The book is unique in offering an outside in conceptual framework that inverts the way that the EU external action is studied and understood It unpacks the different international challenges the EU has faced in recent years including the weakening of global order the need for more protective security geo economic competition climate change and conflicts to its east and south In each case the book examines how the EU has responded and how its core international identity has changed as a result assessing whether the Union still retains strong global influence This book is the ideal companion for students taking modules on the European Union s foreign policy global politics and for students of European Union Politics more broadly at both undergraduate and postgraduate levels

Development Policy of the European Union Martin Holland, Matthew Doidge, 2012-02-22 Designed to replace Martin Holland s *The European Union and the Third World* this new text provides systematic coverage of the European Union s policies in relation to the developing world in the 21st century and includes substantial coverage of governance issues and the relationship between development initiatives and European integration

The Impact of Procedure: Analyzing European Union Legislative Decision-Making Torsten Jörg Selck, 2004-09-20 This book presents an attempt to empirically test the explanatory power of procedural models which were designed for European Union legislative decision making After outlining the research questions and presenting different existing models which have been put forward to enhance our understanding of how the EU works and how legislation is being negotiated by the political actors within this organization I first introduced the European policy process by comparing it to the legislative process in the United States I then compared the different procedural models in terms of the assumptions which they make regarding the sequence of play actors decision weight and the dimensionality of the policy space Computer simulation techniques were employed to evaluate the effect changes of different model parameters such as the number of players the decision rule and the dimensionality of decision making The objective of this chapter was to assess how stable the models are against changes that affect parameters other than agenda setting and amendment power

The Political System of the European Union Simon Hix, Bjørn Høyland, 2011-03-01 The 3rd edition of this bestselling core textbook continues to give an innovative approach to analyzing researching and teaching the European Union Starting from the observation that the EU now possesses many of the attributes of modern political systems Hix and H yland argue that we should use the general theories of political science to help understand how the EU works For each of the main processes in the EU political system executive legislative and judicial politics public opinion interest groups and democracy and regulatory monetary and foreign policies the book

introduces the key political science tools reviews the relevant theories and applies the knowledge in detailed descriptive analysis The third edition of this highly acclaimed and groundbreaking text has been fully revised and rewritten throughout As well as incorporating new data and the latest research it examines the consequences of key developments in the EU from enlargement to the Lisbon treaty and the 2009 European Parliament election To enhance teaching and learning our companion website is packed with resources for both teachers and lecturers Used together this creates an indispensable and accessible companion to all upper level undergraduate and Master s courses with a focus on EU Politics The methodology used in this book seeks to make the political system of the EU accessible to political science students as a whole as well as those specifically studying the EU New to this Edition Fully updated to cover impact of the Lisbon Treaty and latest European Parliament elections More emphasis on explanation and debates in presentation of empirical information More concise and accessible presentation of the latest research and data **The European Union** Ingeborg Toemmel,2017-08-24

The European Union affects the lives of Europeans in many and varied ways yet in spite of its reach it often appears a constrained political system struggling for internal consensus reliant on the agreement of national governments and hampered by the scepticism of electorates These issues have become even more acute in the wake of the global economic and eurozone crises This new text provides a concise and up to date introduction to the nature of the European Union giving an account of its evolution and structure that makes sense of its current challenges The text analyses the EU s institutional structure and decision making procedures and highlights the manifold conflicts as well as the sophisticated mechanisms for consensus building among the core institutions It explains the ways in which the EU differs from other forms of political order and how this leads to political processes that are characterized by cooperation and conflict In providing this context the author invites readers to a critical assessment of the functioning of the European Union and of the implications of this for its democratic legitimacy and future prospects **Turkey and the European Union** Senem Aydin-Düzgit,Nathalie Tocci,2015-06-01

This book by two leading experts provides a comprehensive analysis of Turkey s relationship with the European Union set in its regional and international context It provides three analytical lenses through which the relationship might be understood Turkey as an enlargement country as an EU neighbour and as a global partner and unpacks the implications of each Turkey and the European Union focuses on the five pillars that help define the relationship economics migration security democracy and human rights and culture and identity It shows how the differing perspectives on Turkey s role can influence events and developments in these areas and it traces the profound fluctuations in relations from the Association Agreement of 1963 to the candidacy for full membership of 1999 to the limbo of today Turkey continues to be a critically important country for the European Union The relationship has consequences that are both ideational embedded in history politics identity and culture and material relating to economics energy and security In examining this complex relationship this book addresses a key issue for Europe s future and does so in a fashion that is both sophisticated

and accessible *Britain and the European Union* Andrew Geddes, 2013-01-15 Britain's relationship with the EU has always been riddled with doubt scepticism and awkwardness This much needed new book examines why how and with what effect the EU has become such a contentious issue in UK politics It places the debate in historical context by starting with an overview of debates about membership in the 1950s and 1960s and then goes on to examine the impact of Britain's membership since 1973 across core policy areas including economic and monetary union agriculture and foreign and security policy Andrew Geddes outlines major changes in the scope of the European project and assesses how central devolved and local governments have responded to the EU The book also assesses the EU's impact on domestic policies assessing debates within and between the main parties and charting the rise of Euroscepticism as a key trend in contemporary British politics Engagingly written this text provides a comprehensive and up to date analysis both of the EU's impact on Britain and of Britain's contribution to the EU *The European Union and China* Thomas Christiansen, Emil Kirchner, Uwe

Wissenbach, 2018-12-12 This accessible text offers a comprehensive analysis of the European Union EU China relationship as one of the most important in global politics today Both are major players on the world stage accounting for 30% of trade and nearly a quarter of the world's population This text shows how despite many differences in political systems and values China and the EU have developed such a close regular set of interactions at multiple levels from political strategic to economic and individual The authors start with an historical overview of the domestic politics and foreign policy apparatus of each partner to show the context in which external relations are devised From this foundation each key dimension of the relationship is analysed from trade and monetary policy security culture and society The authors show the relative merits of different theoretical perspectives and outline what is next for this complex ever changing relationship At every step the success of each partner in persuading the other of changing their positions for key strategic interests is explored What emerges is a multifaceted picture of relations between two sides that are fundamentally different kinds of actors in the international system yet have many mutual interests and a common stake in the stability of global governance The first major text to offer an accessible introduction to the multifaceted nature of EU China relations this book is an ideal companion for upper undergraduate and postgraduate students on Politics International Relations and European Studies courses **Migration**

and Mobility in the European Union Andrew Geddes, Leila Hadj-Abdou, Leiza Brumat, 2020-04-22 International migration and mobility whether from outside the EU or in the form of free movement by EU citizens are controversial and potentially divisive issues that are and will remain at the top of the EU's political agenda This fully revised and updated text analyses the complex and often controversial nature of policymaking in this fast developing field and brings the discussion up to date as the ramifications of the so called migration crisis continue to unfold It offers an exploration of the dynamics of migration and mobility in the EU including different types of migration the EU's policy framework within which national policies are now located and considers the widespread notion and public perception of policy failure in this field Unique in its portrayal of

policy responses to migration in Europe this text will be essential reading for undergraduate and postgraduate students of the politics of migration European integration and the Politics of EU as well as anyone with an interest in this fascinating policy area

The European Union and Russia Tuomas Forsberg,Hiski Haukkala,2016-07-29 This important text provides readers with a systematic and comprehensive overview of the historic and ever evolving relationship between Russia and the European Union and on that basis discusses what the future of relations could look like The EU s policy towards Russia can be regarded as one of the toughest tests of the credibility of its external relations and in examining the dynamics of the relationship this book poses essential questions about the EU s ability to sustain itself as a meaningful entity in world politics Written by two experts in the field it analyses the political and institutional development of EU Russia relations from three perspectives European studies Russian studies and International Relations including Foreign Policy Analysis The relationship between the European Union and Russia is of considerable importance to both partners but whilst there have been many moments of co operation between the two tensions have never been far from the surface and the conflict over Ukraine brought it to a historical nadir Both have taken steps to strengthen their relationship but diplomatic stagnation and the challenge of furthering common economic political social and environmental objectives have proved increasingly testing to relations over time This important text provides readers with a systematic and comprehensive overview of the historic and ever evolving relationship between Russia and the European Union suitable for students at undergraduate and postgraduate levels in European Studies Russian Studies and International Relations theory

The European Union in Crisis Desmond Dinan,Neill Nugent,William E. Paterson,2017-09-09 The European Union EU is in crisis The crisis extends beyond Brexit the fluctuating fortunes of the eurozone and the challenge of mass migration It cuts to the core of the EU itself Trust is eroding power is shifting politics are toxic disillusionment is widespread and solidarity has frayed In this major new text leading academics come together to unpack all dimensions of the EU in crisis and to analyse its implications for the EU its member states and the ongoing study of European integration

The European Union and Global Capitalism Magnus Ryner,Alan Cafruny,2016-12-16 This book draws on critical theory to introduce readers to ways of exploring questions about the EU from a political economy perspective questions like Does the EU help or hinder Europe s social models to face the challenges of globalization Does the EU represent a break from Europe s imperial past What were the causes of the Eurozone crisis
