## **Ancient Slavery And The Ideal Of Man:**

**Ancient Slavery and the Ideal of Man** Joseph Vogt, 1975 This collection of essays represents Vogt's personal contribution to the collective enterprise the English edition is translated from the second German edition of 1972 which included three additional papers and a supplement bringing his earlier work up to date The distinctive features of Vogt's approach to ancient slavery are his social awareness and sympathetic commitment and his refusal either to ignore or be dominated by the dogmas of the left and the structures of sociology His systematic investigation of ancient slave wars which is the centre of this collection is a reasoned refutation of more extreme Marxist interpretations and a brilliant demonstration that a pragmatic approach to the analysis of a general phenomenon can lead to conclusions as far reaching as any a priori system Other outstanding essays investigate with subtlety and insight the position of slaves in literature and in utopian theory the concept of the slave of God in early Christian thought and the extent to which rigid distinctions between slave and free were eroded by the daily contact between individuals in different social roles and by their inability to forget that both masters and slaves were human beings with personal loyalties and friendships The volume ends with two essays on the interrelationship between ancient and modern attitudes to slavery since the Renaissance Politische Anthropologie in der Philosophie der Antike Christian Kietzmann, Dagmar Kiesel, 2025-04-21 Politische Theorie macht seit jeher entweder explizit oder implizit anthropologische Annahmen Das gilt auch und gerade für politische Theorien die in der Antike entwickelt wurden Antike Denker stützten politische Aussagen vielleicht sogar expliziter und unproblematischer durch Aussagen über die Natur des Menschen und seine Stellung im Weltganzen als spätere Autoren Dieser Band ist der erste der den Beitrag antiker Philosophen zur politischen Anthropologie als eigenes Thema vorstellt Intendiert ist jedoch kein Handbuch sondern eine Sammlung von Stellungnahmen zu spezifischen Forschungsfragen Dabei wird das gesamte Spektrum der antiken Philosophie von den Vorsokratikern über Platon Aristoteles und die Stoa bis zu den römischen Autoren Cicero Seneca und Augustinus abgedeckt Die Beitragenden sind Maximilian Forschner Kosta Gligorijevic Luca Hemmerich Christoph Horn Dirk Jürke Dagmar Kiesel Christian Kietzmann Annika von Lüpke Jörn Müller Georg Rechenauer Simon Varga Julia Wildberger Florian Zacher **Slavery and Slaving in World History: A Bibliography, 1900-91: v. 1** David Y Miller, 2019-07-23 This bibliography of 20th century literature focuses on slavery and slave trading from ancient times through the 19th century It contains over 10 000 entries with the principal sections organizing works by the political geographical frameworks of the enslavers **Slaves and Religions in Graeco-Roman Antiquity and Modern Brazil** Dick Geary, Stephen Hodkinson, 2012-03-15 Slaves have never been mere passive victims of slavery Typically they have responded with ingenuity to their violent separation from their native societies using a variety of strategies to create new social networks and cultures Religion has been a major arena for such slave cultural strategies Through participation in religious and ritual activities slaves have generated important elements of identity shared humanity and even resistance within their lives This volume

presents papers from a conference of the University of Nottingham's Institute for the Study of Slavery the only UK centre studying its history from antiquity to the present It breaks new ground by juxtaposing slave strategies within the diverse religious cultures of Graeco Roman antiquity and modern Brazil After a wide ranging historiographical survey eleven experts examine how in both societies slave religious activities involved both constraints and opportunities shedding particular new light on the neglected religious strategies of Graeco Roman slaves

**Ancient Slavery and Its New Testament Contexts** Christy Cobb, Katherine A. Shaner, 2025-04-10 An essential resource for understanding slavery in the New Testament and early Christianity Slavery permeated society in the ancient world The realities of slavery and its shadows pervade the New Testament and other early Christian texts Yet enslavement remains an under taught aspect of the context of the New Testament and early Christianity Because of this readers are left with numerous questions about ancient slavery How did people become enslaved What kinds of work did enslaved people do Who enslaved people How did ancient slavery compare with more contemporary enslavement eras Did anyone in the ancient world criticize slavery Was ancient slavery racialized Did Christians have a different understanding of slavery than others These are just some of the questions students ask in higher education and in Bible study classrooms alike This volume takes on these questions introducing students to the textures complexities and material realities of slavery in the Greco Roman world Ancient Slavery and Its New Testament Contexts draws on the expertise of scholars around the world with a focus on introductory information accessibility and readability It does not attempt to dismiss or downplay the role of New Testament texts in the perpetuation of either ancient slavery or slavery in the North American context Rather the volume helps students and teachers alike wrestle with the ongoing historical theological and ethical legacies of slavery in their own faith formation and engagement with the biblical text

**Slavery in Early Christianity** Jennifer A. Glancy, 2002-03-14 Slavery was widespread throughout the Mediterranean lands where Christianity was born and developed Though Christians were both slaves and slaveholders there has been surprisingly little study of what early Christians thought about the realities of slavery How did they reconcile slavery with the Gospel teachings of brotherhood and charity Slaves were considered the sexual property of their owners what was the status within the Church of enslaved women and young male slaves who were their owners sexual playthings Is there any reason to believe that Christians shied away from the use of corporal punishments so common among ancient slave owners Jennifer A Glancy brings a multilayered approach to these and many other issues offering a comprehensive re examination of the evidence pertaining to slavery in early Christianity Drawing on a wide variety of sources Glancy situates early Christian slavery in its broader cultural setting She argues that scholars have consistently underestimated the pervasive impact of slavery on the institutional structures ideologies and practices of the early churches and of individual Christians The churches she shows grew to maturity with the assumption that slaveholding was the norm and welcomed both slaves and slaveholders as members Glancy draws attention to the importance of the body in the thought and practice of ancient slavery

To be a slave was to be a body subject to coercion and violation with no rights to corporeal integrity or privacy Even early Christians who held that true slavery was spiritual in nature relied ultimately on bodily metaphors to express this Slavery Glancy demonstrates was an essential feature of both the physical and metaphysical worlds of early Christianity The first book devoted to the early Christian ideology and practice of slavery this work sheds new light on the world of the ancient Mediterranean and on the development of the early Church      **Quests for Freedom, Second Edition** Michael

Welker,2019-04-02 This book is the result of intensive multiyear international and interdisciplinary cooperation From many perspectives the book s contributors address themes of freedom and slavery self determination and concepts of freedom God given and imprinted freedom freedom as an ethos of belonging and solidarity and relations between freedom human rights and theological orientation      Slave Revolts in Antiquity Theresa Urbainczyk,2016-06-16 Although much has been written

on Greek and Roman slavery slave resistance has typically been dismissed as historically insignificant and those revolts that are documented are portrayed as wholly exceptional and resulting from peculiar historical circumstances that had little to do with the intrinsic views or organizational capabilities of the slaves themselves In this book Theresa Urbainczyk challenges the current orthodoxy and argues that there were many more slave revolts than is usually assumed and they were far from insignificant historically She carefully dissects ancient and modern interpretations to show that there was every reason for the writers who recorded and re recorded the slave rebellions and wars to repress or to reconfigure any larger scale slave resistance as something other than what it was Further she shows that we often have the accounts that we do because of the happenstance of certain ancient authors having been particularly interested in creating accounts of them for their own interests Urbainczyk argues that we need to look beyond the canonical sources and episodes to see a bigger history of long term resistance of slaves to their enslavement      **Slavery and Social Death** Orlando Patterson,2018-10-15 Patterson

discusses the internal dynamics of slavery in 66 societies over time These include Greece and Rome medieval Europe China Korea the Islamic kingdoms Africa the Caribbean islands and the American South Slavery he argues is a single process of recruitment incorporation on the margin of society and eventual manumission or death      *Encyclopedia of Historians and Historical Writing* Kelly Boyd,2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like J rgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies      *Neighbors and Strangers* William R. Polk,2008-04-15 How important are foreign

affairs in the grand scheme of civilization Do defenses against the invasion of strangers influence the evolution of culture Drawing on decades of experience in government as well as in the academy William R Polk offers a uniquely informed comprehensive view of foreign relations Bridging academic disciplines he treats foreign affairs as they occur in the real world Instead of separating diplomacy intelligence and espionage defense and warfare trade and aid intervention and law from one another he shows how they interact and together form a whole pattern with which we must deal if we are to move safely into the 21st century But *Neighbors and Strangers* is not just a guide to the future Polk draws upon all recorded history and indeed upon studies of animal and primitive social behavior and from the entire world for vivid examples to illuminate for the general reader the underlying principles and consistencies that characterize relations with foreigners Indeed going deeper into the human experience Polk documents fear of the foreigner as a visceral response so deep seated and so pervasive that it transcends human memory individual experience and even logical analysis More generally he shows that the tension created by having to live as neighbors with those who in the definition of contemporaries were irredeemably alien has been one of the major causes of the rise of civilizations Accessible and engaging *Neighbors and Strangers* is a revelatory look at how foreign affairs are a profound reflection of human nature *Bonded Histories* Gyan Prakash,2002 To the modern world the notions that freedom is an innate condition of human beings and that money possesses the power to bind people appear as natural facts *Bonded Histories* traces the historical processes by which these notions became established as dominant discourses in India during colonial rule and continued into post colonial India Gyan Prakash locates the formulation of these discourses in the history of bonded labour in southern Bihar He focuses on the emergence and subsequent transformation of the relationship of reciprocal power and dependence between landlords and labourers The author explores the way in which these transformations were connected with broader shifts in the political economy of this part of the subcontinent with the changing structures of agricultural production land tenure and revenue demand with local social hierarchies and the ideology of castes and with Hindu cosmologies spirit cults and their articulation in ritual practices

Publisher description **Ancient History: Key Themes and Approaches** Neville Morley,2002-09-09 Ancient History Key Themes and Approaches is a sourcebook of writings on ancient history It presents over 500 of the most important stimulating and provocative arguments by modern writers on the subject and as such constitutes an invaluable reference resource The first section deals with different aspects of life in the ancient world such as democracy imperialism slavery and sexuality while the second section covers the ideas of key ancient historians and other writers on classical antiquity Overall this book offers an invaluable introduction to the most important ideas theories and controversies in ancient history and a thought provoking survey of the range of views and approaches to the subject **Studies in Ancient Greek and Roman Society** Robin Osborne,2004-07-15 This 2004 collection of papers includes some of the most innovative history written about Greece and Rome The volume offers a convenient and enthralling guide to important issues and topics in Greek and Roman history

maps the changing interests of ancient historians and raises stimulating questions about historical method The contributors to the volume represent many of the most exciting and influential ancient historians who have been active in the last quarter century An introduction by the editor which places the papers in the wider context of changing interests in Greek and Roman history sets the scene for papers on Greek warfare the regulation and representation of women and the nature and study of homosexual relationships in Athens the relationship between Rome and its empire whether Rome was democratic the ideology of Augustan Rome games and gaming at Rome the lives of slaves the ancient interpretation of dreams the nature of religious pilgrimage early Christian martyr stories and bandits in the Roman empire

**The Greek World** Anton Powell, 2002-09-11 Studying from the Mycenaean to the late Hellenistic period this work includes new articles by twenty seven specialists of ancient Greece and presents an examination of the Greek cultures of mainland Greece Asia Minor Egypt and Italy With the chapters sharing the theme of social history this fascinating book focuses on women the poor and the slaves all traditionally seen as beyond the margins of power and includes the study of figures who were on the literal margins of the Greek world Bringing to the forefront the research into areas previously thought of as marginal Anton Powell sheds new light on vital topics and authors who are central to the study of Greek culture Plato's reforms are illuminated through a consideration of his impatient and revolutionary attitude to women and Powell also examines how the most potent symbol of central Greek history the Parthenon can be understood as a political symbol when viewed with the knowledge of the cosmetic techniques used by classical Athenian women The Greek World is a stimulating and enlightening interaction of social and political history comprehensive and unique to boot students will undoubtedly benefit from the insight and knowledge it imparts

**Slavery and Slaving in World History: 1900-1991** Joseph Calder Miller, 1999 This bibliography of 20th century literature focuses on slavery and slave trading from ancient times through the 19th century compiling listings from all Western European languages It contains over 10 000 entries The principal sections organize works by political geographical frameworks of the enslavers Subject keyword and author indexes provide immediate detailed access to the material

**Backgrounds of Early Christianity** Everett Ferguson, 2003 New to this expanded updated edition are revisions of Ferguson's original material updated bibliographies a fresh discussion of first century social life the Dead Sea Scrolls much else

**Greek and Roman Slavery** Thomas Wiedemann, 2003-09-02 Greek and Roman Slavery brings together fresh English translations of 243 texts and inscriptions on slavery from fifth and fourth century Greece and Rome The material is arranged thematically offering the reader a comprehensive review of the idea and practice of slavery in ancient civilization In addition a thorough bibliography for each chapter as well as an extensive index make this a valuable source for scholars and students

**Studies in Hellenistic Judaism** Louis H. Feldman, 1996 This volume contains essays previously published in various places dealing with Josephus Judaism and Christianity Latin literature and the Jews the Romans in Rabbinic literature and other studies in Hellenistic Judaism

**Aristotle and Natural Law** Tony

Burns, 2011-12-29 A new approach to understanding the relationship between Aristotle's political philosophy and the natural law tradition
