And On That Bombshell Inside The Madness And Genius Of Top Gear:

And On That Bombshell Richard Porter, 2015-10-22 I was Top Gear's script editor for 13 years and all 22 series I basically used to check spelling and think of stupid gags about The Stig I also got to hang around with Jeremy Clarkson Richard Hammond and James May It didn't feel like something you should get paid for From the disastrous pilot show of 2002 to the sudden and unexpected ending in 2015 working on Top Gear was quite a rollercoaster ride We crossed continents we made space ships we bobbed across the world's busiest shipping lane in a pick up truck We also got chased by an angry mob repeatedly sparked fury in newspapers and almost killed one of our presenters I realised that I had quite a few stories to tell from behind the scenes on the show I remembered whose daft idea it was to get a dog I recalled the willfully stupid way in which we decorated our horrible office I had a sudden flashback to the time a Bolivian drug lord threatened to kill us I decided I should write down some of these stories So I have I hope you like them And now a quote from James May Richard Porter has asked me to write a quote for his new book about the ancient history of Top Gear But this is a ridiculous request How can one write a quote Surely by definition a quote must be extracted from a greater body of writing for the purpose of illustrating or supporting a point in an unrelated work I cannot write a quote any more than I could film an out take Porter like Athens has lost his marbles *Newsweek*, 1966 Little Book of Top Gear Genius Jeremy Clarkson, James May, Richard Hammond, 2010 The Top Gear Story Martin Roach, 2017-02-02 With Jeremy Clarkson Richard Hammond and James May at the helm Top Gear became a true global phenomenon However after the infamous fracas involving Clarkson and one of the show's producers it's all change in the Top Gear universe Top Gear's devoted viewers around the world at its peak 350 million in 170 countries await its new incarnations with expectation intrigue and some apprehension It remains to be seen whether Clarkson Hammond and May can re create their old madcap genius on Amazon Prime and the new BBC presenters have already had to deal with tabloid controversies and rumours Whatever happens it's going to make for fascinating viewing This is an in depth fully up to date tribute to one of Britain's biggest TV exports and will be a must read for any fan of the show *Top Gear: Epic Failures* Richard Porter, 2014-05-22 Designing and making cars is an expensive thing to do So is racing them All told the car business spends billions every year and with such vast sums at stake you'd think the people involved wouldn't give desk space to Captain Cockup Sadly you would be wrong Every department in every car firm and motorsport operation is capable of complete and abject failure and on a surprisingly regular basis Which is what this book is about You see Top Gear knows a thing or two about embarrassing mistakes as anyone who watched our India special will know The truth is for many years Top Gear has also regarded failure as funny Where other television programmes edit out the moment where the presenter falls over or slams their hand in a door Top Gear gleefully leaves it in So who better to take you on a gentle canter through 50 of the car world's biggest and most glorious failures That's right it's Top Gear Who else did you think If you want this sort of stuff from Countryfile you might be in for a wait **A Top Gear Christmas**
