Anderson Silva: The King of the Octagon Fabricio Sales Silva, 2025-04-15

You know a lot of people look at me today and see only what I've achieved. They see the belts, the records, the spectacular victories in the octagon. But what really defines who I am is not what I achieved at the top. It's what I faced at the base, back there in the moments when no one believed that this would be possible. My journey was full of falls. I had defeats at the beginning of my career that almost made me give up. But whenever that happened, I remembered something my uncle told me: It's not about falling; it's about getting up. It's about what you do after every fall. That phrase was engraved in my mind. And today I want to leave that recorded in yours. You can fall a thousand times, but what matters is the thousandth first when you decide to get up again. I always say that a true champion is not the one who wins every battle, but the one who keeps fighting even when the world seems to have given up on him. This is the essence of my story, and I believe it can be yours too. No matter where you come from, no matter how big your dream is, what matters is what you are willing to do to achieve it.
