her life Josephine Malone learned the hard way that there was only one person she could love and trust her grandmother Lydia Malone Out of necessity unconsciously and very successfully Josephine donned a disguise to keep all others at bay She led a globetrotting lifestyle on the fringes of the fashion and music elite but she kept herself distant While Josephine was trotting the globe retired boxer Jake Spear was living in the same small town as Lydia There was nothing disguised about Jake Including the fact he made a habit of making very bad decisions about who to give his love But for Josephine and Jake there was one person who adored them One person who knew how to lead them to happiness And one person who was intent on doing it Even if she had to do it as her final wish on this earth Samuel Beckett: the Complete Short Prose, 1929-1989

Samuel Rid,2022-09-04 Within the venerable pages of Samuel Rid s The Art of Iugling or Legerdemaine readers find themselves immersed in a historical tapestry of conjuring and prestidigitation This timeless piece of Renaissance literature serves as an insightful lens into the practices and cultural perceptions of magic and illusion during the early 17th century Rid s treatise stands out for its earnest and methodical exploration of the techniques that have baffled audiences for centuries encapsulated with a writing style that is at once

archaic and charmingly informative The literary context situates the work amidst a genre of performance art manuals that proliferate the period offering a rare glimpse into the intellectual fabric of entertainment of that era Samuel Rid a relatively obscure figure in the annals of literary history emerges through The Art of Iugling as a conveyor of hidden knowledge summarizing the enigmatic allure of the magician s craft This publication meticulously replicated for modern readers by DigiCat Publishing bears testament to Rid s passion and the quasi scientific approach to magic that may have been en vogue amongst the learned and curious of his day One surmises that Rid s own fascination and earnest study of legerdemain fueled his desire to render its mysteries into text Ergo The Art of Iugling or Legerdemaine is recommended for a discerning audience for historians who cherish the preservation of craft for magicians who revere the legacy of their art and for literary connoisseurs who appreciate witnessing the transformation of arcane knowledge into print In it one finds a convergence of historical value instructional rhetoric and an evocative reminder of the perennial human quest to master the art of illusion
