EBOOK: Behavioral Corporate Finance, 2/e SHEFRIN, 2018-05-18 *EBOOK Behavioral Corporate Finance 2 e* **E-book:**
Essentials of Corporate Finance Ross, 2016-04-16 *E book Essentials of Corporate Finance* **Fundamentals of Financial Management** James C. Van Horne, John Martin Wachowicz, 2008 Intended as an introductory course this text contains updated institutional material which is international in scope and deals with the effects of electronic commerce It provides tips questions and answers and special features *Fundamentals of Financial Management* Vyuptakesh Sharan, 1900 With the growing complexities involved in corporate financial decisions financial management has undergone a sea change in recent years Fundamentals of Financial Management focuses on keeping readers abreast of these changes and acquainting them with the theoretical concepts and analytical tools in the field of financial management Readers new to the subject and especially those not well versed with business terminology will find this book invaluable *A Financial Theory of the Business Cycle* Edward W. Fuller, Warren Young, 2025-02-17 A Financial Theory of the Business Cycle presents a new approach to business cycle theory based on the net present value The book develops a novel diagrammatic approach to illustrate how fractional reserve banking systematically distorts net present value calculations In addition to providing fresh insights the new diagrammatic approach provides a comparative framework that can be used to compare pre existing theories including those of John Maynard Keynes Friedrich Hayek Milton Friedman and Robert E Lucas Jr The net present value is the most important concept in the theory and practice of modern finance As such it is the proper framework for explaining the systematic financial losses that occur during the business cycle Eugen von B hm Bawerk and Irving Fisher developed the modern theory of the net present value and the financial theory of the business cycle developed in this book is rooted in their tradition Although financial elements played a central role in their respective theories Keynes and Hayek did not use the net present value This failure created problems that still haunt business cycle theory today This book addresses these problems and attempts to steer financial theories of the business cycle back to the course set by B hm Bawerk and Fisher In addition to macroeconomists this book will appeal to financial economists money and banking experts accountants financial analysts and businesspeople generally **Fundamentals of Financial Management** Amit Singhal, The book attempts to make students understand the subject with its application in the real world and not merely for the examination purposes Though the book has been designed as per the latest CBCS curriculum of Delhi University s B Com Hons course it may be helpful to the students of other courses as well Even professionals who are not from finance background and are interested in understanding the basics of financial management would find the book useful *Fundamentals of Corporate Finance, 5th Edition* Robert Parrino, Hue Hwa Au Yong, Nigel Morkel-Kingsbury, Jennifer James, Paul Mazzola, James Murray, Lee Smales, Xiaoting Wei, 2025-12-30 Fundamentals of Corporate Finance 5th Edition is a core resource for business students particularly those who find the mathematical aspects of finance challenging The text presents financial principles in

a clear logical sequence supporting comprehension through a step by step approach Beyond technical skills the resource encourages the development of analytical thinking through local examples and real world applications This helps students build the intuition required to apply financial tools effectively in practice Fundamentals of Investments Gordon J. Alexander, William F. Sharpe, Jeffery V. Bailey, 2001 This introduction provides a clear framework for understanding and analyzing securities and covers the major institutional features and theories of investing While the book presents a thorough discussion of investments the authors keep the material practical relevant and easy to understand The latest developments in investments are brought to life through the use of tables graphs and illustrations that incorporate current market information and academic research An international content deals directly with international securities and securities markets throughout the book along with currency management and interest rate parity Up to date Money Matters articles reflect the latest real world developments and are provided throughout each chapter to give readers a sense of how practitioners deal with various investment issues and use techniques Other coverage includes an array of investment tools presented through discussions on stocks bonds and other securities such as options and futures A guide to reviewing forecasting and monitoring for individuals preparing to make investments or take the CFA exam **108-2 Hearings: Agriculture, Rural**

Development, Food and Drug Administration, and Related Agencies Appropriations For 2005, Part 1A, 2004, *, 2004 **Foundations of Financial Planning** Bruce C. Worsham, 2003-10 **Stakeholder Value in**
