The Secret History of Consciousness Meg Blackburn Losey, 2010-09-01 Through a series of personal crises, seekings, and synchronistic events, Dr. Meg Losey learned to channel wisdom from Masters from the past, the present, and off-planet, and learned this basic truth: Reality isn't happening to us; we are happening to reality. We really do create our experiences, and we can change them at any time by changing our perceptions. We are the consciousness within the living One. In this new book, she shares her dramatic personal story. She weaves her story with information from her Guides, as she came to fondly call her otherworldly teachers. She invites us to open our minds and hearts to the meaning of our shared and hidden history, including Atlantis, Lemuria, pyramids, off-planet events that affect us, and more. She presents simple meditations that will allow each and every one of us to become conscious of the change we are creating together.

Loving the Light Within Caroline Coulombe, 2016-12-14 *Loving the Light Within* is about spiritual journeying and channeling as a path to illumination and happiness. The first part focuses on the author's initiation as a medium and how she evolved as a professional channel and teacher of the art of channeling. The second part is a practical guide to become present, really present, to oneself, others, and the Divine. It is necessary to work on all dimensions of life to master channeling, and if that is not your goal, then simply to be happier. Detailed exercises are offered throughout the book for the readers to acquire a greater connection to their Higher Self and the spiritual world.

Touching the Light Meg Blackburn Losey, 2011-11-01 Psychic and master healer Meg Losey shares her alternative healing techniques for mind, body, and spirit in *Touching The Light*. Losey shows how channeled systems of healing stem from our perception, energy, and participation in our own journeys. She shares the techniques that she has learned from her human and etheric teachers that readers can use on themselves and others. How is it that miracles happen? Is spontaneous healing really possible? Why is it that some illnesses don't show up in standard or even specialized medical testing yet are very real in their effects? Can someone be cosmically sick with no apparent physical cause? How do the people and places around us affect

us in our everyday lives Can we intentionally and effectively create miracles of healing to change lives or to effect positive outcomes even when situations seem hopeless How can symbols of light be used to instantly attune someone s entire energy system Meg Blackburn Losey answers these questions and many others in this ground breaking book Touching the Light brings the reader into previously unknown worlds of healing and explains not only how energy healing is possible but how it works It is the quintessential instruction manual for holistic healing in the third dimension and beyond
