Levitt, Stephen J. Dubner, 2010-10-26 *Superfreakonomics* the smash hit follow up to the remarkable New York Times bestselling phenomenon *Freakonomics* is back in a new full color fully illustrated and expanded edition The brainchild of rogue economist Steven D Levitt and Stephen J Dubner that once again brilliantly challenges our view of the way the world really works is presented with a new visual superfreaky dimension added enhancing the already provocative thinking about street prostitutes hurricanes heart attacks and other seemingly mundane matters that made *Freakonomics* and *Superfreakonomics* part of the national zeitgeist **Superfreakonomics** Stephen J. Dubner, Steven D. Levitt, 2010-06-24 Steven Levitt the original rogue economist and Stephen Dubner have spent four years uncovering the hidden side of even more controversial subjects from terrorism to shark attacks cable TV to hurricanes The result is *Superfreakonomics* It reveals among other things Why you are more likely to be killed walking drunk than driving drunk How a prostitute is more likely to sleep with a policeman than be arrested by one Why terrorists might be easier to track down than you would imagine How a sex change could boost your salary Because sometimes the most superfreaky

McDonald,2023-08-01 Works like a Charm addresses a simple question Why are incentives everywhere now From inducements to work harder at our jobs to tax rebates for corporations incentive names a general theory of motivation according to economists we are incentive driven creatures Yet far from being a neutral generalization this understanding of human behavior smuggles in a quintessentially economic way of seeing the world Works like a Charm applies Jacques Lacan s psychoanalytic concept of retroactive causality to explain the metastasis of the language and logic of incentives To discover an incentive is to place in the untouchable past an economic

cause for a contextual historical force Tracing incentive from its roots in antiquity to its uptake by neoclassical and then Chicago school economists Robert O McDonald diagnoses the spread of incentives across the social cultural and political field and warns readers of the dangers of handing over causality to the economists **"No One Helped"** Marcia M. Gallo,2015-08-11 In No One Helped Marcia M Gallo examines one of America s most infamous true crime stories the 1964 rape and murder of Catherine Kitty Genovese in a middle class neighborhood of Queens New York Front page reports in the New York Times incorrectly identified thirty eight indifferent witnesses to the crime fueling fears of apathy and urban decay Genovese s life including her lesbian relationship also was obscured in media accounts of the crime Fifty years later the story of Kitty Genovese continues to circulate in popular culture Although it is now widely known that there were far fewer actual witnesses to the crime than was reported in 1964 the moral of the story continues to be urban apathy No One Helped traces the Genovese story s development and resilience while challenging the myth it created No One Helped places the conscious creation and promotion of the Genovese story within a changing urban environment Gallo reviews New York s shifting racial and economic demographics and explores post World War II examinations of conscience regarding the horrors of Nazism These were important factors in the uncritical acceptance of the story by most media political leaders and the public despite repeated protests from Genovese s Kew Gardens neighbors at their inaccurate portrayal The crime led to advances in criminal justice and psychology such as the development of the 911 emergency system and numerous studies of bystander behaviors Gallo emphasizes that the response to the crime also led to increased community organizing as well as feminist campaigns against sexual violence Even though the particulars of the sad story of her death were distorted Kitty Genovese left an enduring legacy of positive changes to the urban environment **Tools of Titans** Timothy Ferriss,2016-12-06 1 New York Times Bestseller The latest groundbreaking tome from Tim Ferriss the best selling author of The 4 Hour Workweek From the author For the last two years I ve interviewed nearly two hundred world class performers for my podcast The Tim Ferriss Show The guests range from super celebs Jamie Foxx Arnold Schwarzenegger etc and athletes icons of powerlifting gymnastics surfing etc to legendary Special Operations commanders and black market biochemists For most of my guests it s the first time they ve agreed to a two to three hour interview and the show is on the cusp of passing 100 million downloads This book contains the distilled tools tactics and inside baseball you won t find anywhere else It also includes new tips from past guests and life lessons from new guests you haven t met What makes the show different is a relentless focus on actionable details This is reflected in the questions For example What do these people do in the first sixty minutes of each morning What do their workout routines look like and why What books have they gifted most to other people What are the biggest wastes of time for novices in their field What supplements do they take on a daily basis I don t view myself as an interviewer I view myself as an experimenter If I can t test something and replicate results in the messy reality of everyday life I m not interested Everything within these pages has been vetted explored and applied to my own life in some fashion I ve

Goetting,2011-12-01 Cultural changes and social conditions today give evidence of a growing disregard of traditional authority and an increasing distrust of institutions Relations between pastor and people are changing In many situations the practice of top down leadership appears no longer to be effective Members Are Ministers identifies the positive change necessary to achieve greater unity and to reduce conflict within the church This book promotes an approach that generates a greater sense of community enables a clearer corporate and personal witness to the faith and reduces the social distances between pastors and people Above all it recognizes the Word as crucial for effecting change in our emerging new culture Paul Goetting works from a biblical base that shapes the Christian ministry of all people through their various vocations and equips them for a clearer witness to the Christian faith and to issues of injustice The family the workplace the political arena and the church are seen as the primary contexts for authentic servant ministry of both clergy and laity
