*Justice for Some* Noura Erakat,2023-05-25 A brilliant and bracing analysis of the Palestine question and settler colonialism a vital lens into movement lawyering on the international plane Vasuki Nesiah New York University founding member of Third World Approaches to International Law TWAIL Justice in the Question of Palestine is often framed as a question of law Yet none of the Israel Palestinian conflict's most vexing challenges have been resolved by judicial intervention Occupation law has failed to stem Israel's settlement enterprise Laws of war have permitted killing and destruction during Israel's military offensives in the Gaza Strip The Oslo Accords two state solution is now dead letter Justice for Some offers a new approach to understanding the Palestinian struggle for freedom told through the power and

control of international law Focusing on key junctures from the Balfour Declaration in 1917 to present day wars in Gaza Noura Erakat shows how the strategic deployment of law has shaped current conditions Over the past century the law has done more to advance Israel's interests than the Palestinians But Erakat argues this outcome was never inevitable Law is politics and its meaning and application depend on the political intervention of states and people alike Within the law change is possible International law can serve the cause of freedom when it is mobilized in support of a political movement

Presenting the promise and risk of international law Justice for Some calls for renewed action and attention to the Question of Palestine Careful and captivating This book asks that the Palestinian liberation struggle and Jewish Israeli society each reckon with the impossibility of a two state future reimagining what their interests are and what they could become Amanda McCaffrey Jewish Currents    The Routledge Companion to Intersectionalities Jennifer C. Nash,Samantha Pinto,2023-02-28

The Routledge Companion to Intersectionalities is a dynamic reference source to the key contemporary analytic in feminist thought intersectionality Comprising over 50 chapters by a diverse international and interdisciplinary team of contributors the Companion is divided into nine parts Retracing intersectional genealogies Intersectional methods and inter disciplinarity Intersectionality's travels Intersectional borderwork Trans intersectionalities Disability and intersectional embodiment Intersectional science and data studies Popular culture at the intersections Rethinking intersectional justice This accessibly written collection is essential reading for students teachers and researchers working in women's and gender studies sexuality studies African American studies sociology politics and other related subjects from across the humanities and social sciences    **Not "A Nation of Immigrants"** Roxanne Dunbar-Ortiz,2021-08-24 Debunks the pervasive and self

congratulatory myth that our country is proudly founded by and for immigrants and urges readers to embrace a more complex and honest history of the United States Whether in political debates or discussions about immigration around the kitchen table many Americans regardless of party affiliation will say proudly that we are a nation of immigrants In this bold new book historian Roxanne Dunbar Ortiz asserts this ideology is harmful and dishonest because it serves to mask and diminish the US's history of settler colonialism genocide white supremacy slavery and structural inequality all of which we still grapple with today She explains that the idea that we are living in a land of opportunity founded and built by immigrants was a convenient response by the ruling class and its brain trust to the 1960s demands for decolonialization justice reparations and social equality Moreover Dunbar Ortiz charges that this feel good but inaccurate story promotes a benign narrative of progress obscuring that the country was founded in violence as a settler state and imperialist since its inception While some of us are immigrants or descendants of immigrants others are descendants of white settlers who arrived as colonizers to displace those who were here since time immemorial and still others are descendants of those who were kidnapped and forced here against their will This paradigm shifting new book from the highly acclaimed author of An Indigenous Peoples History of the United States charges that we need to stop believing and perpetuating this simplistic and a

historical idea and embrace the real and often horrific history of the United States      **Light in Gaza** Jehad Abusalim,Jennifer Bing, Mike Merryman-Lotze, 2022-08-30 Imagining the future of Gaza beyond the cruelties of occupation and Apartheid Light in Gaza is a powerful contribution to understanding Palestinian experience Gaza home to two million people continues to face suffocating conditions imposed by Israel This distinctive anthology imagines what the future of Gaza could be while reaffirming the critical role of Gaza in Palestinian identity history and struggle for liberation Light in Gaza is a seminal moving and wide ranging anthology of Palestinian writers and artists It constitutes a collective effort to organize and center Palestinian voices in the ongoing struggle As political discourse shifts toward futurism as a means of reimagining a better way of living beyond the violence and limitations of colonialism Light in Gaza is an urgent and powerful intervention into an important political moment      **On Public Imagination** Victor Faessel, Richard Falk, Michael Curtin, 2019-12-06 In this wide ranging and multidisciplinary volume leading scholars activists journalists and public figures deliberate about the creative and critical potential of public imagination in an era paradoxically marked by intensifying globalization and resurgent nationalism Divided into five sections these essays explore the social political and cultural role of imagination and civic engagement offering cogent ingenious reflections that stand in stark contrast to the often grim rhetoric of our era Short and succinct the essays engage with an interconnected ensemble of themes and issues while also providing insights into the specific geographical and social dynamics of each author's national or regional context Part 1 introduces the reader to theoretical reflections on imagination and the public sphere Part 2 illustrates dynamics of public imagination in a diverse set of cultural contexts Part 3 reflects in various ways on the urgent need for a radically transformed public and civic imagination in the face of worldwide ecological crisis Part 4 suggests new societal possibilities that are related to spiritual as well as politically revolutionary sources of inspiration Part 5 explores characteristics of present and potentially emerging global society and the existing transnational framework that could provide resources for a more humane global order Erudite and thought provoking On Public Imagination makes a vital contribution to political thought and is accessible to activists students and scholars alike Chapter 18 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

[Israel, Palestine and the Politics of Race](#) Yasmeen Abu-Laban, Abigail B. Bakan, 2019-10-31 As the situation in Israel Palestine seems to become ever more intractable and protracted the need for new ways of looking at recent developments and their historical roots is more pressing than ever Bearing this in mind Yasmeen Abu Laban and Abigail B Bakan discuss the historic and contemporary dynamics in Israel Palestine and their international reverberations from the unique vantage point of race racialization racism and anti-racism They therefore offer close analysis of the idea of Israel and the absence of Palestine by examining the concepts of race and identity in the region With fresh coverage of themes relating to gender Idiogeneity the environment surveillance and the war on terror Israel Palestine and the Politics of Race will appeal to scholars

in political science sociology and Middle East studies     **The Legal Case for Palestine** Steven E. Zipperstein,2024-07-31 This book critically analyzes the Palestinian legal arguments against Israeli occupation and in favor of Palestinian statehood For the past two decades Palestinians have chosen to pursue their claims against the Israeli occupation through litigation at the international courts It is therefore appropriate the author contends to analyze the merits of the Palestinian legal claims separately from their political claims To do so the book comprises five parts Part I addresses the role of international law in the conflict as well as Palestinian legal framing and lawfare Part II recounts the relevant legal history including the crucial legal implications of the Oslo Accords Part III analyzes Palestinian legal claims regarding the West Bank and the Gaza Strip Part IV assesses the Palestinian legal case for statehood Part V analyzes Palestinian legal claims regarding Jerusalem Ultimately it is argued that the Palestinian legal case is weak even though the two state solution continues to represent the most viable long term political outcome to the conflict Moreover the author suggests that Palestinian leaders have repeatedly opted for conflict perpetuation through lawfare and violence rather than conflict resolution through negotiation Providing fresh insights into the claims and counterclaims of Palestinian legal arguments the book will appeal broadly to anyone interested in the Israeli Palestinian conflict and international law
