FUNDAMENTAL CHESS ENDINGS

A new endgame encyclopaedia for the 21st century

Fundamental Chess Endings

Judd E. Hollander

Fundamental Chess Endings:

Fundamental Chess Endings Karsten Müller, Frank Lamprecht, 2001 This is the first truly modern one volume endgame encyclopaedia It makes full use of endgame tablebases and analytical engines that access these tablebases where previous authors could only make educated guesses Muller and Lamprecht have often been able to state the definitive truth or get much closer to it New time controls involve competitive games being played to a finish in one session so it is especially important that chess players understand the key endgame principles This book provides comprehensive assistance for any players wishing to study the endgame In addition to a feast of detailed analysis the authors emphasize the practical side of endgame play describing rules of thumb principles and thinking methods Fundamental Chess Endings is both the ideal endgame reference work and a book that can profitably and enjoyably be read from start to finish Book jacket **Chess**

Endgames for Kids Karsten Muller, 2015-06-23 Starting with the basic mates and the simplest pawn endings this book provides all the endgame knowledge that players need to take them through to club level and beyond Miller carefully guides us step by step through a fascinating range of endgame tactics and manoeuvres helping us understand the underlying logic

100 Endgames You Must Know de la Jesus Villa, 2014-05-28 There are contrary to what most amateurs believe relatively few chess endgames one must know Jesus de la Villa an international grandmaster and former champion of Spain presents the endgames that show up most frequently in practice are easy to learn and contain ideas and concepts that are useful in more difficult positions He brings you simple rules guiding ideas at the beginning of each chapter detailed and lively explanations many diagrams clear summaries of the most important themes recommended exercises that will help you understand the material and tests divided in two parts basic and final The main thing De la Villa asks of you is to always understand WHY you play a move

ChessBase Complete Jon Edwards, 2014-07-23 ChessBase Step by Step There is a general recognition among chess players at all levels that the ChessBase software application is critical for serious chess improvement but many chess players are intimidated by the software Now for the first time former U S correspondence champion Jon Edwards has created real life scenarios that focus upon why the software is so important for chess players of every class along with clear explanations of how to use ChessBase The author will show you how with ChessBase 1 Opening preparation is quick comprehensive fully up to date and effective 2 You can quickly locate and review important games in every opening middlegame type and endgame 3 You can instantly see what worldwide engines think about most opening and many middlegame positions 4 You can instantly see where you and your opponents erred 5 You can reliably prepare chess books for publication in print or on

the web And much much more There is in fact no aspect of using ChessBase which Edwards does not cover It is all here and all in one volume Know simply that ChessBase is instrumental to every aspect of chess This book explains how the software can help you to improve your play your learning your teaching your writing or simply your love of and enthusiasm for the game Jon Edwards explains all that you will need to know with concrete examples and simple instructions After that how strong a chess player how good a chess teacher how good a chess author you become is truly up to you Note ChessBase 12 is featured in this book The new ChessBase 13 will be available near the end of 2014 ChessBase has confirmed that the program features and interface described within this book are not expected to change

100 Endgames You Must Know Jesus de la Villa, 2015-12-28 New 4th and improved edition of an all time classic The good news about endgames is there are relatively few endings you should know by heart once you know these endings that s it Your knowledge never goes out of date The bad news is that all the same the endgame technique of most players is deficient Modern time controls make matters worse there is simply not enough time to delve deep into the position Jesus de la Vila debunks the myth that endgame theory is complex and he teaches you to steer the game into a position you are familiar with This book contains only those endgames that show up most frequently are easy to learn contain ideas that are useful in more difficult positions Your performance will improve dramatically because this book brings you simple rules detailed and lively explanations many diagrams clear summaries of the most important themes dozens of tests

Dvoretsky's Endgame Manual: Fifth Edition Mark Dvoretsky, 2020-06-08 The Fifth Edition of a Modern Masterpiece When it appeared in 2003 the first edition of Dvoretsky s Endgame Manual was immediately recognized by novice and master alike as one of the best books ever published on the endgame The enlarged and revised fifth edition is better than ever Here is what Vladimir Kramnik the 14th World Champion had to say in his foreword to the fifth edition I consider Dvoretsky s Endgame Manual an absolute must for every chess professional and no less important even for a club player I always recommend this book I consider it to be one of the very best chess books published in recent times and I am very pleased with the new enhanced edition German grandmaster Karsten M ller widely recognized as one of the best endgame theoreticians in the world today has carefully updated the fifth edition with the help of American grandmaster Alex Fishbein The incredible instructional value of the exercises has been preserved and the blue text used in the first four editions has been replaced with text with a light grey background Here s what they had to say about the first edition Dvoretsky s Endgame Manual may well be the chess book of the year It comes close to an ultimate one volume manual on the endgame Lubomir Kavalek in his chess column of December 1 2003 in the Washington Post Dvoretsky s Endgame Manual is quite simply a masterpiece of research and insight Most of all Dvoretsky s analysis is staggering in its depth and accuracy John Watson at The Week In Chess 2003 Book of the Year Jeremy Silman com 2003 Book of the Year Seagaard Chess Reviews

Essential Chess Endings James Howell, 1997 Knowledge of the endgame is a vital area in chess and many points are lost through an insufficient understanding of its basic

principles Here for the aspiring player a concentration on typical endings likely to occur in practice rook endings which appear regularly in tournaments even the often neglected and comparatively simple king and pawn endings Beginner

Chess Endgames for Club Players Herman Grooten, 2022-10-11 Any good chess coach will tell you to study the endgame Improving your knowledge of the third phase in a chess game will bring you many extra half or even full points After the success of his award winning classics Chess Strategy for Club Players and Attacking Chess for Club Players Herman Grooten has now written an equally instructive endgame manual He teaches you how to understand the themes of an endgame and find the right moves based on your understanding International Master Herman Grooten learned about endgames the hard way as many good players have Early in his career he realized there was a lot to be gained in this undervalued part of the game Building on his experience as a player and coach Grooten takes an original approach to convey his message the endgames are divided according to theme not chess material This is a novel but very effective way to learn the ins and outs since many themes can occur with different material balances The material is richly illustrated with many examples from practical play as well as endgame studies which present the motifs in their purest and most attractive form The result is a lively and highly instructive guide to the endgame Dvoretsky's Endgame Manual: Fourth Edition Mark Dvoretsky, 2020-12-17 The Fourth Edition of a Modern Classic When you are serious about improving your endgame skills it is time for Dvoretsky's Endgame Manual Perhaps the best known and most respected instructor of world class chessplayers Mark Dvoretsky has produced a comprehensive work on the endgame that will reward players of all strengths For those ready to immerse themselves in endgame theory there may be no better manual available today But even if you do not play at master level the book has been designed to help your endgame too Basic theories and must know concepts are highlighted in blue You may skip the more complex analysis focus on the text in blue and still improve your endgame technique When it appeared in 2003 the first edition of Dvoretsky's Endgame Manual was immediately recognized by novice and master alike as one of the best books ever published on the endgame The enlarged and revised Fourth Edition is better than ever I am sure that those who study this work carefully will not only play the endgame better but overall their play will improve One of the secrets of the Russian chess school is now before you dear reader From the Foreword to the First Edition by Grandmaster Artur Yusupov Going through this book will certainly improve your endgame knowledge but just as important it will also greatly improve your ability to calculate variations What really impresses me is the deep level of analysis in the book All I can say is This is a great book I hope it will bring you as much pleasure as it has me From the Preface to the First Edition by International Grandmaster Jacob Aagaard Here's what they had to say about the First Edition Dvoretsky's Endgame Manual may well be the chess book of the year It comes close to an ultimate one volume manual on the endgame Lubomir Kavalek in his chess column of December 1 2003 in the Washington Post **Essential Chess Endings for Advanced Players** John Donaldson, Ken Smith, 1995 100 Endgame Patterns You Must Know Jesus de la Villa, 2021-12-13 If you are aware of

endgame patterns you spot key moves quicker analyse and calculate better and memorize what you have studied more fully Most of the patterns Jesus de la Villa presents in this new book are from the phase of the game just before a theoretical endgame turns up Knowing these practical endgame fundamentals will enable you to fully reap the benefits of what you learned in De la Villa s widely acclaimed classic 100 Endgames You Must Know Studying patterns only makes sense if you are going to encounter them frequently De la Villa presents those with the greatest practical importance and explains and illustrates them with carefully selected examples To show the patterns as clearly as possible he mainly concentrates on positions in which the sides have just one piece Presenting positions with more pieces risks blurring the picture and making motifs less straightforward The fact that players think in patterns has an important side effect their endgame errors tend to repeat themselves That s why De la Villa has not just included examples from games of elite GM s but also of amateurs Errors are extremely instructive and working with this book will seriously reduce the number of typical mistakes you are prone to make The many practical exercises that De la Villa selected will help you improve and retain what you learned

[The ChessCafe Puzzle Book 1](#) Karsten Muller,Susan Polgar,2010-08-26 This very instructive book combines clear discussions of tactical themes with over 600 well chosen positions to test challenge and teach Although the classic combinations are not ignored the emphasis here is on positions from modern tournament practice of the last decade Tactics is a very important part of the game of chess and conscientious study and application of tactical principles is crucial to success This book offers every type of tactical motif imaginable from the more common back rank mates pins skewers forks up to and including some beautiful and rare combinations This tactical book will prove exceptionally useful for a wide range of players intermediate through master strength and beyond

300 Most Important Chess Exercises Thomas Engqvist,2022-05-05 An informative and accessible new book by Thomas Engqvist the practical follow up to his previous two authoritative chess books 300 Most Important Chess Positions and 300 Most Important Tactical Chess Positions Filled with 300 engaging chess exercises and complete solutions in the end of the book this book will allow you to apply and consolidate your newfound knowledge The book is divided into four key sections 75 exercises practising positional ideas in the opening middlegame 75 exercises covering the endgame 75 tactical exercises in the opening middlegame 75 tactical endgames The exercises featured in the book are taken from real game positions from various renowned chess players including Capablanca and Magnus Carlsen Word count 116 000
