Financial Management Umut Burak Geyikçi,Mine Yilmazer,Tuğdem Saygın Yücel,Şant Manukyan,C. Coşkun Küçüközmen,Utku Altınöz,Ayhan Yatbaz,Erdi Bayram,Erkan Saldır,Fatma İzmirli Ata,Hasan Hüseyin Yıldırım,İ. Emre Karaa,M. Banu Durukan,S. Baha Yıldız,Semra Taşpunar Altuntaş,Sertaç Fuad Karaağaoğlu,Tuna Can Güleç,Ü. Hasan Gözkonan, This is a precious book for the students of finance economics and business administration who want to gain knowledge on financial institutions calculations and markets On the other hand I strongly recommend this book who want to learn these complicated topics in an easy way Dr Mahfi E ilmez This book covers all topics related to financial management The most important feature of the book is that it contains plenty of examples on each subject in order to facilitate students comprehension In addition it will be easier to understand the unit as a whole with the end of the section evaluations consisting of classic and test questions Many factors have been instrumental in the emergence of this book First of all there are over a hundred business management and similar departments providing education in English at universities in Turkey Among the books taught in these schools the number of financial management books written in English is extremely limited Second the English financial Management books used in these schools are of UK and North American origin So theories examples practices are largely related to these countries Third financial management books written and sold in the UK and North America are very expensive which is quite high for students studying in Turkey Fourth as a developing country financial practices in Turkey the financial structures and environment of companies are quite different from developed countries The challenges mentioned above are the main sources of motivation for writing this book The faculty members involved in the book s writing are people who have experienced those challenges All have a long educational background and besides they are involved in the financial markets and some of whom are in decision making positions Each of the sections contains real world and Turkey examples values current financial practices and new theories The price of this book has been kept as low as possible Thus it is aimed to contribute to both our students and the economy of the country Financial managers students academicians and other interested in the financial sector will benefit from the theories examples problem solutions and recommendations contained in the book We wish the book to be useful to students and all interested in finance
