Abstract

The paper briefly introduces and explains the essence of indigenous Oromo democracy and its main characteristics that are relevant for the current condition of Africa in general and Oromo society in particular. It also illustrates how Oromo democracy had functioned as a socio-political institution by preventing oppression and exploitation and by promoting relative peace, security, sustainable development, and political sovereignty, and how the *gadaa* system organized Oromo society around economic, cultural and religious institutions. Finally, the paper explores how the Oromo movement for national self-determination and multinational democracy struggles to revive and revitalize the Oromo democratic tradition.

Introduction

Prior to their colonization during the European Scramble for Africa by the alliance of European imperialism and Ethiopian colonialism (Holcomb and Ibssa, 1990; Jalata, 2005), the Oromo people were independent and organized both culturally and politically using the *gadaa* system (Oromo democracy) to promote their wellbeing and to maintain their security and sovereignty. But, today, the Oromo do not have any autonomous or democratic political representation; they have been ruled by the successive regimes of the Amhara-Tigray ethno-national groups that have been supported by global powers (Jalata, 2005; Holcomb and Ibssa, 1990). The Ethiopian colonial terrorism and genocide that started during the last decades of the 19th century still continue in the 21st century. Ethiopia, former Abyssinia, has terrorized and committed genocide on the Oromo people during the Scramble for Africa with the help of European imperial powers such as England, France, and Italy.

Storia della Chiesa Ortodossa Tawāhedo d'Etiopia Alberto Elli, 2017-11-10 T00:00:00+01:00 L'Etiopia uno degli Stati pi antichi al mondo l'unico dell'Africa subsahariana senza una significativa storia coloniale e nel quale la religione cristiana sia riuscita a conservarsi indipendente dal dominio musulmano

La sua Chiesa la prima che si instaura e diffonde il messaggio di Cristo in una terra dell'Africa nera. Non solo essa non il risultato dell'opera missionaria europea ma nasce e fiorisce ben prima di tante cristianità occidentali. Pur essendo una delle maggiori tra le Chiese ortodosse orientali la Chiesa etiopica ben poco conosciuta in Italia. Quest'opera monumentale in 2 tomi frutto di anni di ricerca e di studio vuole essere pertanto un contributo a far conoscere a un pubblico più vasto la ricchezza della storia e della spiritualità della Chiesa etiopica dalle sue origini nella prima metà del IV secolo fino ai primi anni di questo XXI secolo. E non si tratta soltanto della storia della Chiesa ma anche della storia dell'Etiopia come Stato e come civiltà visto il legame inscindibile che fino a pochi decenni fa ha sempre unito Chiesa e Stato in quel remoto angolo del Corno d'Africa da fare del cristianesimo l'anima del popolo e il motore della sua storia.

Challenging Authorities Arne S. Steinforth, Sabine Klocke-Daffa, 2021-09-20. When the notion of alternative facts and the alleged dawning of a postfactual world entered public discourse social anthropologists found themselves in unexpectedly familiar territory. In their empirical experience fact knowledge accepted as true derives its salience from social mechanisms of legitimization thereby demonstrating a deep interconnection with power and authority. In this perspective fact is a continually contested and volatile social category. Due to the specific histories of their colonial and post independence experience African societies offer a particularly broad array of insights into social processes of juxtaposition, opposition and even outright competition between different postulated authorities. The contributions to the present volume explore the variety of ways in which authority is contested in Southern and Eastern Africa investigating localized discourses on which institution, what kind of knowledge or whose expertise is accepted as authoritative thus highlighting the specificities and pluralities in modern societies. This edited volume engages with larger theoretical questions regarding power and authority in the context of post colonial states, neo traditional authority claiming space, conflict and injustice and contestations of knowledge. It offers in depth critical analyses of ethnographic data that put contemporary African phenomena on equal footing with current controversies in North America, Europe and other global settings.

Conquest and Resistance in the Ethiopian Empire, 1880 - 1974 Abbas Gnamo, 2014-01-23. This work examines the philosophical origins of Oromo egalitarian and democratic thoughts and practice, the Gadaa Qaalluu system, kinship organization, the introduction and spread of Islam and the consequent socio cultural change. It sheds light on the advent of the Ethiopian empire under Menelik II, its conquests and Arsi Oromo fierce resistance, 1880-1900, the nature and legacy of Ethiopian imperial polity, centre periphery relations, feudal political economy and its impacts on the newly conquered regions with a focus on Arsi Oromo country. The book also analyzes the root causes of the national political crisis including but not limited to the attempts at transforming the empire state to a nation state around a single culture, contested definition of national identity and state legitimacy, grievance narratives, uprisings, the birth and development of competing nationalisms as well as the limitations of the current ethnic federalism to address the national question in Ethiopia.
